Ngokujwayelekile abalimi bonga imali eyanele ukuze makufika isikhathi sokutshala bathenge ngayo umanyolo, kodwa kulonyaka imali abebeyibekile ibinganele okudale ukuthi uhulumeni

wakuleli angenelele ngemuva kokuba inhlango ye-South African Farmers Development Association (SAFDA) ifake isicelo sosizo kuhulumeni ukuze kusizale abalimi abasathuthuka ngomanyolo.

Into eyandisa izindleko kakhulu kubalimi abasathuthuka umanyolo (okuyiwona othatha u-15 kuya ku 18% wezindleko zokwenza umkhiqizo), kanti uma umanyolo ungafakwanga ngokwanele noma ngesikhathi esifanele ngenxa yamanani aphezulu wokuwuthenga, lokhu kuba nomthelela omubi kwizitshalo ngoba azibi sezingeni elihle. Lokhu sekube inselelo enkulu isikhathi eside kubalimi

njengoba ama-SSGs akhokha kakhulu ngesaka lilodwa uma kuqhathaniswa nabalimi asebemkatshubomvu kanye namabhizinisi amakhulu ngoba labalimi bathenga umkhawu omncane. Lesimo sibe sibi kakhulu kulezinyanga ezingu-36 ezedlule njengoba amanani kamanyolo enyuke kathathu kulesikhathi ngenxa yesimo somnotho esibhekene nomhlaba wonke. Umthelela omubi wehlela kubalimi njengoba kufanele beqale phansi batshale kabusha izikhathi eziningi okunomthelela omubi kumkhiqizo. Amanani kamanyolo asenyuke kakhulu njengoba sibona ngezansi:

- Inani likamanyolo ngethani ngalinye lika 5-1-5 (45) ngo 2019 beliwu R6 800/ton
- Inani likamanyolo ngethani ngalinye lika 5-1-5 (45) ngo 2022 beliwu R17 120/ton

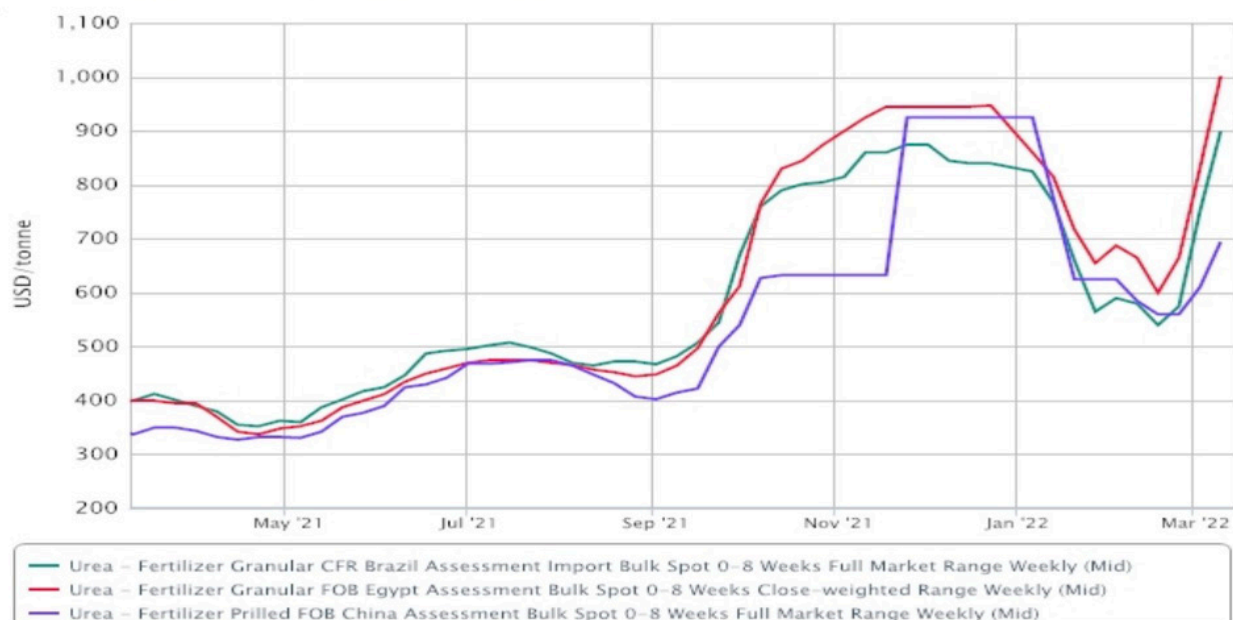

I-SAFDA ifake isicelo ku DLARDD ukuthi kusizwe abalimi ngaleligebe lokunyuka kwezindleko zomanyolo. Lezimali ezilandelayo zizosiza abalimi abangaphezulu kuka 1 432 kuma-hectare abalelwa ku 9 481 eMalelane naseKomati ngaphansi koMasipala we-Nkomazi.

ITEMS	TARGETS
Inombolo yabalimi	1 432

Izona lezizathu ezenze i-SAFDA yaxhumana ne-Department of Agriculture, Land Reform and Rural Development (DALRRD) ngenhloso yokuthola uxhaso lwezinsiza zokunisela ukuze kuvuselelwe imishini

yokunisela yalamaphrojekthi. Usizo lokuqala lomnyango olulethele abalimi bomoba base-Nkomazi kube izimpahla zokunisela (amapayipi, ama-connectors, ama-pump, izinto zokuchela neminye imishini yokunisela). Loluxhaso lufike ngohlelo olusanda kugunyazwa lwe-Malelane/ Nkomati Farmer Production Support Unit (FPSU) lwemali engu R5 000 000.

UMnyango usuphinde wagunyaza imali yoxhaso ezosiza ekuthuthukiseni ama-FPSU aseMalelane naseKomati azokwenza

umehluko kumasimu ngohlelo lokwakhiwa kwesikhungo semishini nedepho kaphethilomu nodizili. Lemali izophinde isetshenziswe ukuthuthukisa izinhlelo nemishini yokunisela ngesikhathi izindawo zokugcina umkhqiqo namahhovisi kusalungiswa. Okokugcina, loluxhaso luzokwakha isikhungo sokuqeqesha kwi-FPSU kubalimi abayingxenywe yohlelo lwe-NARYSEC. Abalimi abangaphansi kohlelo lwe-NARYSEC bazongena ohlelweni lwama-FPSU asetshenziswa emkhakheni ehlukeni

yezolimo oluphathelele nomkhiqizo kamoba. Imali isiyonke egunyaziwe ukuthi isize ama-SSGs alungise izindawo zokunisela ingaphezulu kancane kuka R75 million. Lemali yoxhaso izosetshenziswa ezindaweni zaseMalelane naseKomati lapho kuzobhekelelwa amaphrojekthi ama-SSG amaningi. Lokhu kuzohambisana nocwaningo olwenziwe ezindaweni zokunisela zabalimi.

Uhlelo lokulungiswa kwalezindawo zokunisela luqale ngo Ephreli 2022 lapho onjiniyela bezolimo nososayensi abaqashwe umnyango beqale khona ukuhlela umsebenzi ozokwenziwa. Imisebenzi ezokwenziwa ohlelweni lokulungisa izindawo zokunisela kubalwa kuyo izindawo zokwenza umkhiqizo (isib. ama-pump house neziteshi, ukubhalansiswa

kwamadamu, nezindawo zokugcina amanzi, ukuthuthwa kwamapayipi kanye nempahla yokunisela ehlukeneyo). Loluxhaso luzobhekelela nomsebenzi owenziwa ngemuva kokulima (isib, izinhlelo zokunakekela umhlabathi namanzi, ama-drainage system, izindawo zokugcina izitshalo, izindawo zokugcina imishini yokuwisa izitshalo nezindawo zamahhovisi okusetshenzelwa kuwo).

Ukulungiswa kwezakhiwo ikhona okubekwe phambili njengoba kubekelwe imali engaphezulu kuka R58 million, uxhaso oluzonikezwa abalimi ngemuva kokwenza umkhiqizo lona lubekwe endaweni yesibili ngokubaluleka njengoba kukhishwe imali edlule kancane ku R17 million.

Ukulungiswa kwezakhiwo zokunisela kuzobandakanya lokhu okulandelayo:

- Ukwakhiwa kabusha nokuthuthukiswa kwama-pump house nezinye izakhiwo zamaphampu.
- Ukwakhiwa kabusha kwamaphampu ukuze kuncishiswe ama-transformers ngenhloso yokonga ugesi.
- Ukulungiswa kwamakhebula kagesi ukuze angahlali obala futhi angantshontshwa kalula.
- Ukumiswa kahle nokushintshwa kwamapayipi ukuze amanzi aphume ngendlela efanele.
- Ukufakwa kwama-screen kwi-pump house ukuze kungabi khona umonakalo kumaphampu.
- Ukuthuthukiswa kwezakhiwo zokunisela ukuze amanzi ahambe ngendlela efanele.
- Ukulungiswa kohlelo lokunisela ukuze kuthuthukiswe ingcindezi eya emasimini.
- Ukulungiswa kwamaphampu avuzayo.

Isabelo-zimali sokulungiswa kwendawo yokunisela amaphrojekthi ama-SSG aseNkomazi siku **R81 737 645**, okuyimali ezosetshenziswa eminyakeni emithathu (3) kusukela ngo 2022 kuze kushaye u-2025. Lamaphrojekthi kubhekwe ukuthi akhe amathuba emisebenzi angaphezulu kuka 600, kusizakale amabhizinisi angu-20 futhi kuthuthukiswe izakhiwo zokunisela nama-sheds amaphrojekthi kamoba adlule ku-36 ase-Komati naseMalalane.

Umshini kaShukela

Umshini kashukela obudingeka

kakhulu KwaMakhathini. I-SAFDA icele usizo lwezimali kwi-DALRRD okube imali engu R8 million ukuze kwenziwe ucwaningo ngendawo ebizwa nge-Integrated Hub/Mill ezokhiqiza ushukela, i-ethanol, ugesi nokudla kwemfuyo ezokwakhiwa KwaMakhathini okuyindawo ezoletsha intuthuko ngokwenhlalo-mnotho kulendawo ebalwa njengezinye ezihlwempu esifundazweni saKwaZulu-

Natali. Lesiphakamiso sithulwe ku NLACC nalapho sagunyazwa khona, eminye imininingwane izophothulwa ngokushintshwa kwe - D A L R R D / S A F D A Service Level Agreement.
